

GoCrypto

for Magento 1.x

- 1** The GoCrypto plug-in is available at https://public.gocrypto.com/webshop_plugins/magento_v1/gocrypto_magento_v1_latest.tgz

- 2** Log into your online shop administration:
Enter your online shop link **https://domain.com/admin** into the online browser; in this, change the **domain.com** string into your domain name.
- 3** From the menu, select **System > Magento Connect > Magento Connect Manager**.
- 4** In the **Direct package file upload** section, click **Choose file** and select the **GoCrypto** plug-in file.
- 5** Click **Upload**.

- 6 Select **System** > **Configuration** from the menu.
- 7 Select **Sales** > **Payment Methods** from the left menu and click **GoCrypto**.
- 8 Enter your **Client ID** (received by e-mail or by post) into the **Client ID** field.
- 9 Enter your **Client Secret** (received by e-mail or by post) into the **Client Secret** field.

The GoCrypto installation into your online shop was successful
