

GoCrypto

for PrestaShop 1.7.x

- 1** The GoCrypto plug-in is available at
https://public.gocrypto.com/webshop_plugins/prestashop_v1.7/gocrypto_prestashop_v1.7_latest.zip

2 Log into the PrestaShop module administration:
Enter your online shop link
https://domain.com/?view=back into the online
browser; in this, change the **domain.com** string into your
domain name.

3 Click **Modules** on the left side of the menu.

4 Installation:

- click **Upload a module**,
- click **Select file** and
- select the **GoCrypto** plug-in from the list of files.

The plug-in will download automatically.

5 Again, click **Modules** and select **Modules & Services**.
Select **GoCrypto** from the list and click **Activate**.

Select **GoCrypto** from the list and click **Configure**.

6 Enter your **Client ID** (received by e-mail or by post) into
the **Client ID** field.

7 Enter your **Client Secret** (received by e-mail or by post) into
the **Client Secret** field.

The GoCrypto installation into your online shop was successful

You can monitor your transactions at

<https://pos.gocrypto.com/en>.

Enter the **username** and **password**, received
after signing a contract with Eligma Ltd.
