

GoCrypto

for WooCommerce 3.x

- 1** The GoCrypto plug-in is available at
https://public.gocrypto.com/webshop_plugins/woocommerce_v3/gocrypto_woocommerce_v3_latest.zip

- 2** Log into the WordPress module administration:
Enter your online shop link
https://domena.com/wp-admin into the online browser; in this, change the **domain.com** string into your domain name.
- 3** Click **Plugins** on the left side of the menu.
- 4** Installation:
 - click **Add new**,
 - click **Upload plugin**,
 - a field with the **Browse** button appears,
 - select the GoCrypto plug-in from the list of files and
 - click **Install**.

5 Click **Plugins** on the left side of the menu, select **GoCrypto for WooCommerce** from the list and click **Activate**.

Click **WooCommerce->Settings** on the left side of the menu.

6 Click the **Payments** tab on the top.

7 Select **GoCrypto** from the list.

- 8** Enter your **Client ID** (received by e-mail or by post) into the **Client ID** field.
- 9** Enter your **Client Secret** (received by e-mail or by post) into the **Client Secret** field.
